Additional Condition of Contract

(1) Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring entity will correct arithmetical errors during evaluation of Financial Bids on the following basis:

- (i) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price be corrected, unless in opinion of the Procuring entity there is an obvious misplacement of the decimal point in the unit price, in that case the total price as quoted shall govern and the unit price shall be corrected;
- (ii.) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected ; and
- (iii) If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

(2) Procuring Entity's Right to Vary Quantities

- (i) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Documents due to change in circumstances, the Bidder shall not be entitled for any claim or compensation.
- (ii) Orders for extra items may be placed by RSRTC, up to 5% of the value of the original contract. The fair market value of such extra items payable by the RSRTC to the contractor shall be determined by the RSRTC.
- (iii) Orders for additional quantities may be placed, on the rates and conditions given in the contract. If the original order was given after inviting open competitive bids. Delivery or completion period may also be proportionately increased. The limits of order for additional quantities shall be 50% of the value of the goods and services of the original contract. In exceptional cases and without changing the scope of work envisaged under the contract, RSRTC may procure additional quantities beyond 50% of the quantity of the individual items as provided in the original order, the additional quantities so procured shall be part and parcel of the work being executed and the limit of 50% of value of original contract shall not be exceeded in any case.

(3) Dividing quantities among more than one bidder at the time of award (In case of procurement of goods)

As a general rule all the quantities of the subject matter of procurement shall be procured from the bidder, whose bid is accepted. However, when it is considered that the quantity of the subject matter of procurement to be procured is very large and it may not be in the capacity of the bidder, whose bid is accepted, to deliver the entire quantity or when it is considered that the Subject matter of procurement to be procured is of critical and vital nature, in such cases, the quantity may be divided between the bidder, whose bid is accepted and the second lowest bidder or even more bidder in that order, in a fair, transparent and equitable manner at the rates of the bidder, whose bid is accepted.
