- i. **T1-Liquidity:** It is necessary that the firm can withstand cash flow that the contract will require until payments received from the Employer. Liquidity therefore becomes an important consideration.
 - a) This shall be seen from the balance sheets of the last audited year and/or from the banking reference. In case the Net Current Assets (as seen from the Balance

- b) The banking reference should be from a Scheduled Bank in India or (in case of foreign parties) from an international bank of repute acceptable to JMRC and it should not be more than 3 months old as on date of submission of bids.

In Case of JV/Consortium - Requirement of liquidity is to be distributed between members as per their percentage participation and every member should satisfy the minimum requirement.

- iii. **T3 - Annual Turnover:** The average annual turnover from work of last five audited financial years should be $>$ **INR 28.87 Crores.**

In Case of JV/Consortium - The average annual turnover of JV/ Consortium will be based on percentage participation of each member.

Example: Let Member-1 has percentage participation = M and Member-2 has =N. Let the average annual turnover of Member-1 is 'A' and that of Member-2 is 'B', then the average annual turnover of JV/Consortium will be= $\frac{AM+BN}{100}$

Notes:

- a) Financial data for latest last five audited financial years has to be submitted by the bidder in **Appendix-18 of FOB** along with audited balance sheets. In such a case the financial data of previous '4' audited financial years will be taken into consideration for evaluation. If audited balance sheet of any year other than the last year is not submitted, the bid may be considered as non-responsive.
- b) However, the bidder including all substantial members of JV / Consortium should have been incorporated more than three years earlier from the last day of the previous month of bid submission. In this case, for such bidder, the average annual

turnover shall be arrived considering 'nil' turnover for the financial year(s) for which bidder was not able to submit audited balance sheet on account of non-incorporation of bidder. Such data shall be divided by 5 to work out the average annual turnover. In case balance sheet of the last year has not been audited so far, then data shall be divided by 4 to work out the average annual turnover.

- c) Any certification or document required to be provided by CA, must contain UDIN thereon and the particulars of certifications must be same as mentioned on document/certification and submitted to ICAI on its website which can be verified online.
- d) Where a work is undertaken by a group, only that portion of the contract which is undertaken by the concerned applicant/member should be indicated and the remaining done by the other members of the group be excluded. This is to be substantiated with documentary evidence.

1.1.3.3. Bid Capacity Criteria

Bid Capacity: The bidders will be qualified only if their available bid capacity is more than the approximate cost of work as per NIB. Available bid capacity will be calculated based on the following formula:

$$\text{Available Bid Capacity} = 2 \times A \times N - B$$

Where,

A = Maximum of the value of works executed in any one year during the last five financial years (updated to last day of the month previous to the month of bid submission price level assuming 5% inflation for Indian Rupees every year and 2% for foreign currency portions per year).

N=No. Of years prescribed for completion of the work

B=Value of existing commitments (as on last day of the month previous to the month of bid submission) for on-going works during period of 18 months w.e.f. from the first day of the month of bid submission.

Notes:

- a) Financial data for latest last five financial years has to be submitted by the bidder in **Appendix- 15 of FOB** along with audited financial statements. The financial data in the prescribed format shall be certified by the Chartered Accountant with his stamp and signature in original with membership number and firm registration number (FRN) and UDIN.
- b) Value of existing commitments for on-going works during period of 18 months w.e.f. from the first day of the month of bid submission has to be submitted by the bidder in **Appendix-16 of FOB**. These data shall be certified by the Chartered Accountant with his stamp and signature in original with membership number and firm registration number (FRN) and UDIN.
- c) In the case of a group, the above formula will be applied to each member to the extent of his proposed participation in the execution of the work. If the proposed % participation is not mentioned then equal participation will be assumed.

Example for calculation of bid capacity in case of JV/Consortium/Group

Suppose there are 'P' and 'Q' members of the JV/Consortium/Group with their participation in the JV / Consortium / Group as 70% and 30% respectively and available bid capacity of these members as per above formula individually works out 'X' and 'Y' respectively, then Bid Capacity of JV / Consortium / Group shall be asunder:

Bid Capacity of the JV/Consortium/Group= $0.7X+0.3Y$

- d) The bid submission of bidders, who do not qualify the minimum eligibility criteria & bid capacity criteria stipulated in the clauses 1.1.3.2 to 1.1.3.3 above, shall not be considered for further evaluation and there for rejected.
