No.F.1(30)/JMRC/DCA/Revenue/Mobile Towers/2014-15/ 1631

Dated:18.06.2015

NOTICE INVITING BIDS

To
All Prospective Bidders
Through JMRC Website and SPPP Portal

1.1 INTRODUCTION

- i. JMRC has started its commercial operations on its first line from Mansarovar to Chandpole (Phase 1A) from 3rd June, 2015, with the mission of providing a safe, green, comfortable and fast mass rapid urban transit system to the capital city of Rajasthan. Phase 1A is an elevated section, 9.7 kms. in length, with eight elevated and one underground station, at approximately one km intervals.
- ii. It is part of JMRC's corporate vision to develop metro stations as transit hubs for commuters which can meet many of their regular needs, through leasing out station retail space to different sectors. Development of stations as transit hubs will lead to proliferation of commercial activities such as retail, food and braveries, etc., which will increase footfalls and also lead to increased seamless mobile connectivity requirement at these areas.
- iii. JMRC desires to facilitate commuters with modern communication facilities across Jaipur Metro Corridor and also to generate revenue from non-fare revenue sources like advertisement and property development. With this aim, JMRC wants to select Telecom Operators or Telecom Infrastructure Providers for installation of Telecom Towers, on leased out spaces of Jaipur Metro Stations Phase1A, for a period of 10 years (extendable to 15 years). Accordingly sealed bids are invited from eligible bidders as per schedule given in next Para and as per terms and conditions set forth in this RFP document.

1.2 SCHEDULE TO THE INVITATION OF RFP
