2.52 From the interpretation of above table it can be seen that in comparison to previous year improvement can be seen in most of the items of the operations and its reason is proper utilization of available resources.

2.6 OPERATING REVENUE:

2.61 During the reporting year data of Traffic revenue earned, is being compared with the data of previous year and is shown in table-8:-

Table-8

S. No.	Items	2010-2011	2011-2012	Percentage of growth to previous year	
1	Total Traffic Revenue (Rs. in lacs)	117115.50	133492.61	(+)	13.98
2	Earning per K.M.(In paisa)	1955	2201	(+)	12.58

5	Average income per seat per K.M. (In paisa)	39.10	44.02	(+)	12.58
6	Average income per passenger (In Rupees)	34.54	40.36	(+)	16.85

Note:- All the data is being compared on the basis of the Traffic revenue earned from the accounts branch.

- 2.62 From the description given in the abovementioned table it is clear that passenger load has decreased by 1 % in comparison to previous year. There is an increase of Rs.16377.11 Lacs in the Traffic revenue in comparison to the previous year. Increase in Income per K.M. (12.58%), per vehicle per day average income (15.55%), Average income per seat per K.M. (12.58%) and per passenger average income 16.85% in comparison to previous year is a result of proper utilization of the available resources.

2.7 SPECIAL SERVICES:

- 2.71 During the reporting year public was provided bus facility to visit fairs happening on spiritual, social and historical occasions like earlier years. During the reporting year buses were operated on a total distance of 24.22 Lacs K.M. during fair period, this contributed Rs. 673.60 Lacs to Traffic revenue and profited 14.63 Lacs passengers.

2.8 HIRED VEHICLES:

- 2.81 For the fulfillment of increasing demands of Traffic during the reporting year, in addition to the available corporation vehicles, corporation took private buses on contract with the owners. Operation result of these vehicles by comparing with that of previous years has been shown in table-9:-

TABLE: 9

S. No.	Items	2010-11	2011-12	Change in comparison to previous year (In %)
1.	Vehicle status:-			
	(a) On last day of year (31 st March)	67	130	(+) 94.03
	(b) Average no. of vehicles	119	69	(-) 42.02
	(c) Average operated vehicles	109	62	(-) 43.12
2.	Operated K.M. (In lacs)	219.18	133.84	(-) 38.94
3.	Operating income (Rs. in lacs)	5095.21	4805.53	(-) 05.69
4.	Income per K.M. (In paisa)	2325	3591	(+) 54.45

- 2.82 From the description given in the above table it is clear that during the reporting year in comparison to last year corporation operated less no. of hired vehicles, because of which there is a decrease in operation results.

2.9 QUALITY OF SERVICES:

- 2.91 Data of Corporation fleet quality during the reporting year has been compared with the data of previous year and shown in table-10:-

TABLE: 10

S. No.	Items	2010-11	2011-12	Difference In Comparison To Previous Year (In Percentage)
1.	Percentage of punctuality	99	98	(-) 0.01
	(a) Departure	99	99	(±) 0.00
	(b) Arrival	0.13	0.18	(+) 0.05
2.	Rate of Break down (On per thousand K.M.)			
3.	No. of accidents			
	(a) Fatal	168	167	(-) 0.60
	(b) Major	96	59	(-)38.54
	(c) Minor and others	229	227	(-) 0.87
	(d) Total	493	453	(-) 8.11
4.	Rates of accidents (on per 1lakh K.M.)			
	(a) Fatal	0.03	0.02	(-) 0.01
	(b) Major	0.01	0.01	(±) 0.00
	(c) Minor and others	0.04	0.04	(±) 0.00
	(d) Total	0.08	0.07	(-) 0.01

- 2.92 This is clear from the description in the abovementioned table that punctuality during the reporting year was almost same and break down rate was more than last year. No. of accidents and accident rate was lower than last year and quality of corporation fleet was more than last year.

2.10 STATUS OF VEHICLE FLEET:

2.101 Status of fleet of Corporation during the reporting year, compared with previous year and is shown in table-11:-

TABLE: 11

S. No.	Items	2010-2011					2011-2012				
		Leyland	Tata	Volvo	Mercedes	Total	Leyland	Tata	Volvo	Mercedes	Total

More than 9 years	90	141	—	—	231	2.92	10.91	—	—	5.25

2.112 Average age of corporation fleet has been 4.41 years during the reporting year, which is 0.36 years more than last year.

2.12 DIESEL AND OIL CONSUMPTION RATE:

2.121 Data of diesel and oil consumption rate during the reporting year has been compared with data of past 2 years and shown in table-13:-

Table-13

S. No.	Description	2009-2010	2010-2011	2011-2012
1	Diesel Consumption rate (K.M. per litre)	5.04	5.05	4.97
2	Oil top up consumption rate (K.M. per litre)	4176	5204	5328

* 35 vehicles of A.C.T.S.L. has been included in Tata vehicles.

- 2.122 From the above mentioned table it is clear that there is a decrease of 0.08 K.M. per litre in the diesel consumption rate and an increase of 124 K.M. per litre in oil top up consumption rate.

2.13 TYRE EFFICIENCY:

- 2.131 Comparative description of data of tyre efficiency during the reporting year with the previous two years is shown in table-14:-

TABLE-14

S. No.	Description	2009-2010	2010-2011	2011-2012

	(b) Retread	41069	39162	41234
10.	Average Retreading Costs (In rupees)	1976	2386	3047

- 2.132 From the description of abovementioned table it can be seen that there is a decrease of 4434 K.M. in total tyre casing life during the reporting year as compared to last year. A decrease of 0.20 in the consumption of new tyres per lakh K.M. can be seen and consumption of tyres per lakh K.Ms. is also lower compared to previous year. Percentage of tyre retreadability was same to same as that of previous year.

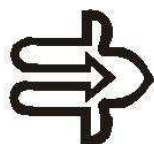

2.14 ASSEMBLY EFFICIENCY:

- 2.141 Comparative description of production done by three Central Workshops and their efficiency during the year reporting year has been shown in table-15:-

	(b) Consumption	225.85	224.12	285.07

3.3 PURCHASING SYSTEM:

- 3.31 The purchase of the stores is generally made by the Purchase Department situated in the Head office. But in case of emergency there is a provision to make purchases at local level by the unit in-charge.

3.4 PURCHASE POLICY:

- 3.41 Corporation made revised purchasing policy on 03.08.1993. According to which purchases for the stores material is made. Generally tenders are invited before purchases are made, but in case of following agencies there is a provision to make purchases before inviting any tender:-

1. Suppliers in contract with D.G.S. & D. regarding rates.
2. Suppliers in contract with C.S.P.O. regarding rates.
3. Chassis manufacturer.
4. O.E. manufacturer.
5. Suppliers in contract with A.S.R.T.U. regarding rate.
6. Tyre manufacturer (As per the provisions of the Para 2.10 of the Purchasing Policy).
7. Oil Marketing Undertaking of Government of India.
8. Hindustan Aluminium Corporation and Bharat Aluminium Corporation.
9. Hindustan Steel Limited, Indian Steel Company, Tata Iron and Steel Company, Rajasthan Udhog Corporation.
10. Khadi Gramodhyog Board.
11. Such agencies with which Corporation has entered into contract related to departmental rates.
12. Rajasthan Purchase Sale and Consumer Committee.

3.5 PURCHASING COMMITTEE AND BOARD:

- 3.51 Under the tender process technical bid and financial bid are invited separately. The firm whose technical bid is found according to the laid down conditions, then only tender of such firms is accepted by the tender committee who has fulfilled all the laid down conditions. Purchasing Board and Tender Committee have full control over the accepted tenders. This Committee includes President, Managing Director and in members two Technical General Manager and General Manager (Store) nominated by Financial Adviser and President.

- 3.52 The following limits have been decided for different officials without inviting any tenders:-

- | | |
|----------------------------|-------------|
| 1. Executive Manager | Rs. 5000/- |
| 2. General Manager (store) | Rs.10,000/- |

- 3.53 When the purchase is more than Rs. 20,00,000/- then the decision of the purchasing committee is to be approved from the President.(open tender)

- 3.54 The information relating to financial limit in every matter of purchase of stores material is shown in table-18:-

9 Information Technology

RSRTC has adopted information technology in its day-to-day operation and brought important activities under Information Technology umbrella. RSRTC is leading State Transport Undertaking in the north zone of the country to adopt Information Technology in its operational process. For its IT enabled project RSRTC has also received awards from government organizations. RSRTC has been leveraging on Information Technology in its various progressive projects and the details of the developments made during the year in the field of IT are given below:

9.1. ONLINE RESERVATION SYSTEM WITH INTEGRATION OF EXISTING ETIM WITH ORS:

RSRTC has launched Online Reservation System in Oct. 2011. It is a web based passenger reservation system developed for RSRTC reservation system. This system facilitating online booking of passenger seats through RSRTC approx.264 booking counters of all major bus stands of 46 operational and 3 non operational (Delhi, Ahmedabad, Indore) depots, kiosks, e-mitra counters, websites of renowned ticket booking agencies i.e. redbus, travelyari, make my trip etc.. Tickets can be booked 30 days in advance including return journey tickets. By integration of existing GPRS based ETM with ORS, the facility of partial booking is under testing mode and will be made available very soon.

9.2. VEHICLE TRACKING SYSTEM AND PASSENGER INFORMATION SYSTEM:

To provide the information of arrival and departure of buses to the passengers, RSRTC has introduced VTS&PIS module in the year 2012. Initially Vehicle Tracking Device have been installed in 1000 buses which are plying on long **routes** of 39 depots and 31 LCD TV has been installed on 25 major stands to provide the information of arrival and departure of buses to the passengers. RSRTC has planned to integrate VTS & PIS module with existing ORS as a part of Vehicle Scheduling and dispatching system of ORS. This module helps RSRTC to monitor the speed of vehicles, unauthorized stoppage, driving habits of drivers etc. By analyzing the reports available in the module, depot management can take appropriate actions to minimize the accidents, increase the KMPL (Diesel) etc.

9.3. RSRTC SMART CARD:

RSRTC is providing free and concessional travelling facility to 38 categories of passengers of the State including awardees of state and nation. In the year 2012, RSRTC has introduced RFID (Radio Frequency Identification) based cards named **RSRTC Smart Card** for free and concessional journey in RSRTC buses. The passengers of the state who are authorized for free and concessional travelling in RSRTC services can obtained **RSRTC Smart Card** from 56

places of the state and 2 from outside of the state (Delhi and Ahemdabad) by submitted their required essential documents.

9.4. BACK OFFICE AUTOMATION:

RSRTC has adopted information technology in its day-to-day operation and brought important activities under Information Technology net and accordingly RSRTC has planned to computerized important activities of various departments through web based solution. Initially the work of legal department, store & purchase and later on the other activities which are not covered under any above modules will be taken care of.

9.5. E-TENDERING:

For transpierce in the tender process of higher value tenders (more than 50 lacs) RSRTC has joined e-Tendering module developed by Department of Information and Technology Government of Rajasthan.

9.6. COMPUTERIZATION OF FINANCIAL ACCOUNTS:

In 2012 RSRTC has computerized all the work of financial account in all of its units and Head Office by using Tally module. This facilitates higher management to view the data of income & expenditure at central level & to take appropriate decisions.

9.7. AWARDS:

RSRTC won the first prize of e-governance for the year 2011-2012, Govt. of Rajasthan for implementing the Online Reservation System as a part of Integrated Transport Management System (ITMS).
